LIST OF POISONS

WITHIN THE MEANING OF THE PHARMACY ACT, 1868.

As Published by the Pharmaceutical Society of Great Britain.

PART I.

Not to be sold unless the purchaser is known to, or introduced by some person known to, the seller; also entry to be made in poison-book of (1) date of sale, (2) name and address of purchaser, (3) name and quantity of article, (4) purpose for which it is wanted—attested by signature; and must be labelled with (1) name of article, (2) the word "Poison," (3) name and address of seller.

Arsenic and its preparations. (For special regulations, see THE CHEMISTS' AND DRUGGISTS' DIARY.)

Aconite and its preparations.

Alkaloids.—All poisonous vegetable alkaloids and their salts.

Atropine, preparations of.

Cantharides.

Corrosive Sublimate.

Cyanide of Potassium and all metallic cyanides and their preparations.

Emetic Tartar.

Ergot of Rye and its preparations.

Prussic Acid and its preparations.

Savin and its oil.

Strychnine and its preparations.

Vermin-killers, if preparations of poisons the preparations of which are in Part I. of this schedule.*

* The gazetted resolution says:—"Every compound containing any poison within the meaning of 'The Pharmacy Act, 1868,' when prepared or sold for the destruction of vermin," is a poison; but inclusion thereof in Part I. was not gazetted.—ED. C. & D.

PART II.

Must be labelled with (1) name of article, (2) the word "Poison," (3) name and address of seller.

Almonds, Essential Oil of (unless deprived of prussic acid).

Belladonna and its preparations.

Cantharides, tincture and all vesicating liquid preparations of.

Carbolic Acid, liquid preparations of, and its homologues within the meaning of the Order of the Privy Council of July 26, 1900.*

Chloroform.

Chloral Hydrate and its preparations.

Corrosive Sublimate, preparations of.

Morphine, preparations of.

Nux Vomica and its preparations.

Opium and its preparations; and preparations of poppies.

Oxalic Acid.

Precipitate, White (ammoniated mercury).

Precipitate, Red (red oxide of mercury).

Vermin-killers (see Part I.). Compounds containing "poisons" prepared for the destruction of vermin, if not subject to the provisions of Part I., are in Part II.

* The actual wording is "liquid preparations of carbolic acid and its homologues containing more than 3 per cent. of those substances, except any preparation prepared for use as sheep-wash, or for any other purpose in connection with agriculture or horticulture, and contained in a closed vessel, distinctly labelled with the word 'Poisonous,' the name and address of the seller, and a notice of the agricultural or horticultural purpose for which the preparation has been prepared, ought to be deemed poisons within the meaning."
